Message From CEO

With 40 years in the industry, I know the challenges you face. Our team specializes in pharmaceutical returns, credit processing, and waste management, ensuring full regulatory compliance. Without close attention to these ever-changing regulations, it's easy to fall out of compliance, but that's where we come in. Whether you engage our services or not, we're here to assist you!

PRs Advantages

Pharmaceutical Returns Service is VAWD accredited. We excel in secure destruction and credit management of scheduled and non-scheduled pharmaceuticals, expedited order turn-around, on- or off-site processing programs, and comprehensive reporting. Our returns program is tailored to meet your unique requirements, prioritizing your specific needs.

Regulatory Compliance

Ensure seamless returns and regulatory compliance with PRS. We manage documentation, conduct inspections, and uphold quality standards, ensuring DEA and EPA regulatory compliance.

Credit Reconciliation

Streamline returns and credit reconciliation with PRS. Our comprehensive proprietary software analyzes product eligibility, ensuring precise information for credit authorization. We do not utilize batch return processing which allows us to exactly determine your credits and deposit credits straight into your wholesaler account.

Comprehensive Reporting

PRS provides comprehensive reporting such as certificates of destruction, short dated, returnable, non-returnable, and hazardous reports. We also have the ability to generate or create unique reports as requested.

On or Off-Site Processing

PRS has return and destruction specialists that are assigned to your account to help your facility obtain the highest amount of credit available while maintaining full regulatory compliance.

Record Management

Count on PRS for EPA and DEA destruction record management. We maintain thorough documentation, ensure compliance with regulations, and assist with audit preparation.
